THANK YOU TO OUR EMPLOYEES!

Each year, the City of Chaska recognizes its employees for their years of service with the City. Chaska is very fortunate to have a dedicated group of employees who work hard in their respective positions, but also work hard for the betterment of the community. Over the past number of years many employers have had a difficult time keeping their employees for more than five years. The City of Chaska is fortunate to have many employees who have been here from 5 years all the way up to 35 years. Our long term employees have not lost their enthusiasm and dedication to their job and they continue to be significant assets to the community. Twenty-four out of 120 full time employees are receiving service awards.

The City of Chaska would like to take this time to formally recognize this year's group of service award winners, listed below. It is because of their hard work and commitment to the residents of Chaska that the City is able to achieve our mission of being "The Best Small Town in Minnesota." Thank you to all of our employees! You are truly appreciated!

PROJECTS NEEDED FOR CHRISTMAS IN MAY

If you know of someone in Chaska who needs assistance with home renovations and they are unable to physically perform the work or do not have the financial means to do so, tell them about Christmas in May! Even though it is only January, applications are now being taken and can be obtained by contacting 952-361-5350. Applications must be submitted by March 7th. A committee will review the application and make a home visit to assess renovation needs and perform an energy audit. Homeowners could even qualify for everything from light bulbs to new energy efficient appliances!

The event is being held on Saturday, May 3rd. Volunteers will also be needed to help with renovations. More information will be forthcoming.

CHASKA PLANNING COMMISSION MEETING

THE CHASKA COMMUNITY CENTER GALLERY PRESENTS:

**MICHELLE EGGEN
 FEBRUARY 10 - MARCH 8**

"I create something I think is beautiful." says Eggen, taking her inspiration from the natural wonders at the edge of the big woods near Minneapolis. She understands what is at the heart of the imagination and sets out to capture what she sees in her 'mind's eye' as eloquently as possible in the brief moment that it appears. She illustrates, paints, and designs; calling her work contemporary and expressionist. Eggen points out that the most important aspect of her work is getting to the essence of something through creativity, character, and the basic elements of good art and design.

HAVE A GREAT WEEKEND!
